ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

---

This application was received electronically at the Board of Patent Appeals and Interferences on August 25, 2007. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being electronically returned to the examiner. The matter requiring attention prior to docketing is identified below:

An examination of the Image File Wrapper (IFW) reveals that a revised Examiner's Answer was mailed on January 16, 2007 in response to the Order Returning Undocketed Appeal mailed September 18, 2006 which requested that the "Evidence Relied Upon" section be corrected. It should

be noted that the listing appears to be missing the Sutcliffe reference, which was cited in the § 103 rejection of claims 11, 26, and 39. Correction is required.

Accordingly, it is

ORDERED that the application is returned to the Examiner:

- 1) for submission of a PTOL-90 which includes a complete listing of references in the "Evidence Relied Upon" section; and
- 2) for such further action as may be appropriate.
